

# NSAGC

## PLANT GIVEAWAY COMMITTEE

2022 marks the twelfth year of the NSAGC Plant Giveaway Program in which every member of an NSAGC garden club is given a complimentary plant as a perk of membership with the NSAGC. Every year, the Board of Directors votes on the plant selection based on supplier availability and purchases the plants in bulk. **This year brings a change, as the plants for the give-away will be in the form of young plants approximately 2" in size, opposed to the traditional bareroots given in previous years.** In addition to the complimentary plant, the NSAGC also offers its clubs the opportunity to purchase additional plants at a low fee.

### 2022 Plant Giveaway Selection!

The perennial selected for 2022 is Balloon Flower "Fairy Snow" (*Platycodon grandiflorus*). This perennial will form unique balloon-shaped buds that open into large 5 pointed lobed, 3-inch bell-shaped white flowers with blue veins. Emerging in late spring and blooming in summer forming a compact mound of green foliage, with a flower height of 10 inches and a spread of 18 inches. Long-lived but dislikes being moved once established. Grows best in full sun to partial shade, enjoying average to moist, well-drained soil. Zones 3-8
